DOCKET FILE COPY ORIGINAL

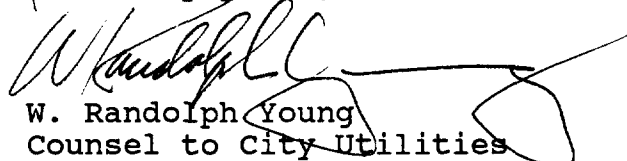

Dear Ms. Searcy:

On April 7, 1993, the undersigned and a delegation representing City Utilities of Springfield, Missouri ("City Utilities") and the American Public Power Association ("APPA") visited the staff of the Office of Plans and Policies, the Office of Engineering and Technology, and the Private Radio Bureau to discuss Commission rules and policies relative to the Personal Communications Service as proposed in the Commission's Notice of Proposed Rule Making and Tentative Decision in the above referenced proceeding as released August 14, 1992.

The arguments made in the meetings were those contained entirely within the comments filed with the Commission in this proceeding by City Utilities on November 9, 1992 and reply comments filed on January 7, 1993 and reply comments filed by APPA on January 8, 1993. Copies of the City Utilities comments and reply comments were left with each office visited. It is believed that this satisfies the requirements of Section 1.1206(a)(2) of the Commission's rules.

If that is not the case, please contact the undersigned.

Sincerely yours,

W. Randolph Young
Counsel to City Utilities
